### NOTICE.

THE General Committee having, under section 350 (1) of Act III (B.C.) of 1899, previously given public notice of their intention to define the general line of buildings on both sides of Madan Mohan Sen Lane to 40 feet in Ward 8, and having duly considered the objections received within 30 days from the date of publication of the said notice, have, on the 12th August 1915, made an order defining the general line of buildings on each side of Madan Mohan Sen Lane, in Ward 8, in accordance with the plan approved by them on the 28th May 1915.

C. F. PAYNE,  
*Chairman.*

MUNICIPAL OFFICE, *the 21st August 1915.*

**CORPORATION OF CALCUTTA.****NOTICE.**

THE General Committee having, under section 350(1) of the Act III of 1899, previously given public notice of their intention to define and revise the general line of buildings in a portion of Police Hospital Road between South Road, Entally, and Lower Circular Road, and no objection having been received within thirty days from the date of the publication of such notice, hereby, under section 350(4) of Act III (B. C.) of 1899, define and revise the general line of buildings on that portion of Police Hospital Road in Ward No. 19, in accordance with the plan approved by the General Committee on 12th August 1915.

**C. F. PAYNE,**  
*Chairman.*

MUNICIPAL OFFICE, *the 21st August 1915.*

**CORPORATION OF CALCUTTA.****NOTICE.**

CLAUSES 37 and 43 of the Bye-laws under section 559 (34) of the Calcutta Municipal Act, regulating the use of Municipal Slaughter-houses, which are at present in force, read as follows:—

*Existing clause 37.*

All animals brought to a Slaughter-house, which are not intended for immediate slaughter, may be kept in pens attached to such Slaughter-house, if such pens are available for use and occupation, until such time as the animals are slaughtered, subject to the payment of the daily fee specified in the following schedule, which has been fixed by the Chairman with the approval of the General Committee under section 489 of the Act, or such other fees as may from time to time be fixed in that behalf under that section:

Provided as follows:—

(a) No fee shall be charged for any animal which is slaughtered within 48 hours from the time when it is placed in any such pen;

(b) No animal shall be allowed to be kept in any pen for more than 10 days.

**Schedule of fees:—**

For the use and occupation of any pen in the case of—

(1) Bullocks, cows and buffaloes—  
4 annas each per diem.

(2) Sheep, goats and calves—2  
annas each per diem.

*Existing clause 43.*

The fee payable to the Corporation for the slaughtering of each animal in a Slaughter-house shall be as detailed in the following schedule:—

**Cows, bullocks and buffaloes—**

	Rs. A. P.
1st class ...	... 0 4 0
2nd class ...	... 0 2 0
Calves ...	... 0 1 0
Sheep ...	... 0 2 0
Goats ...	... 0 2 0
Kids ...	... 0 1 0
Pigs ...	... 0 2 0

The General Committee now propose to amend these two clauses as follows :—

*Proposed clause 37.*

All animals brought for slaughter at the Tangra Slaughter-house must pass through the stockyard and be kept there for a period not less than 24 hours before slaughter, during which time or any subsequent extension thereof, the animals shall be fed and watered at the expense of the Corporation. The fees for admission into the stockyard shall be according to the scale of fees which has been fixed by the Chairman with the approval of the General Committee under section 489 of the Act or such other fees as may from time to time be fixed in that behalf under that section.

In addition to the aforesaid fees there shall be payable a slaughtering fee for each animal as may from time to time be fixed under the said section 489.

No animal shall be allowed to be kept in the stockyard for more than 10 days.

Notice of the proposed amendments is given in accordance with the provisions of section 565 of the Calcutta Municipal Act. Objections, if any, to the amendments now proposed will be received up to Friday, the 1st October 1915, after which the General Committee will proceed further with the consideration of the draft.

*Clause 43.*

### *Orders by the Governor of Bengal in Council.*

#### MUNICIPAL AND LOCAL.

#### NOTIFICATIONS.

No. 2042M.—*The 26th August 1915.*—In exercise of the power conferred by clause (a) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Titagarh Municipality, in the district of the 24-Parganas, under section 23 of that Act, electing Mr. C. L. Thomson to be Chairman of that Municipality, *vice* Mr. T. Burns, resigned.

No. 2046M.—*The 27th August 1915.*—In exercise of the power conferred by section 569 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Governor in Council is pleased to sanction the following rules made by the Corporation of Calcutta under clause (b) of section 73 of that Act, for regulating the commutation of pensions granted to Municipal Officers and servants into lump sum payments.—

#### RULES REGULATING THE COMMUTATION OF PENSIONS.

1. Subject to the conditions stated below, the Corporation may, on the application of a pensioner (existing and future), permit commutation, for a lump payment of a portion of his pension, the sum payable being calculated according to the table of present values, printed in Appendix 10 of the Civil Service Regulations.
2. All applications for commutation must be made to the Chairman of the Corporation in Form A appended to these rules, setting forth the grounds and purposes of such application.

3. On receipt of an application for commutation, the Chairman shall satisfy himself, by strict enquiry and scrutiny, on the following points:—

- (a) That the commutation is for a definite purpose and to the distinct and permanent advantage of the applicant and his family;
- (b) That the case is one of a very exceptional nature;
- (c) That the amount of pension intended to be commuted is not more than one-fourth of the amount of pension sanctioned;
- (d) That the residue after commutation is not less than Rs. 15 per month and is sufficient to maintain the pensioner in the status of life to which he has been accustomed, and
- (e) That the age of the applicant does not exceed 70 years.

4. (a) If on consideration of the facts stated in the application and on being satisfied on the points mentioned in rule 3, the Chairman decides to recommend to the Corporation such commutation, the applicant should be required to produce a certificate as to his expectation of life ordinarily from the Health Officer of the Corporation. It will be open to the Chairman to require the applicant to produce such further or other medical certificates as he may consider necessary.

(b) In the case of a pensioner who has an impaired life the Health Officer shall submit a report as to the age upon which the commutation should be calculated so as to allow for the probable decrease in his expectation of life, and the Corporation, on the recommendation of the Chairman, may, then, at their discretion, sanction the commutation, the sum payable being computed on the basis of the age at which his life has been so estimated by the Health Officer.

(c) The certifying medical officer shall subject the applicant to a strict medical examination requiring him to give such information as to his health and habits as is usual in the case of persons proposing to insure their lives in Insurance Companies and will report in the following form:—

“I have examined.....and am of opinion that he is <sup>not</sup> of good bodily health and has <sup>not</sup> the prospect of an average duration of life. I therefore do <sup>not</sup> recommend compliance with his application to capitalize a portion of his pension.”

(d) In the case of a pensioner who has retired on invalid pension, the particulars of his incapacity and statement of his medical case must be communicated to the certifying medical authority.

5. The lump sum payable on commutation will be certified by the Chief Accountant according to the table of present values shown in Appendix 10 of the Civil Service Regulations with special reference to the date on which the commutation should take effect.

6. The Corporation, at their discretion, may allow the application for commutation on the recommendation of the Chairman and on being satisfied on the points mentioned in rules 3 and 5.

7. All sanctions to the commutation of a pension shall be subject to the condition that the expenditure can be met from a sanctioned Budget grant.

8. Commutation once applied for, sanctioned and given effect to, cannot be rescinded, i.e., the portion of a pension commuted cannot be restored on refund of the capitalized value.

9. If a pensioner, whose pension has been commuted, dies before receiving the commutation value, the amount will be payable to his heirs.

10. If a pensioner, a portion of whose pension has been commuted, dies before he has drawn a full year's pension, the fact of commutation having been allowed, cancels any claim on the part of his family to a compassionate allowance.

#### FORM A.

I desire to commute a portion of my pension. After careful consideration I am convinced that it will be to the distinct and permanent advantage of myself and my family to make this application. I also declare that I have correctly answered each and all of the questions below and otherwise submitted all necessary information to the best of my belief and knowledge, and

further I agree to be bound by the Rules for commutation of pensions sanctioned by the Corporation.

*Questions.*

1. Nature of pension.
2. Amount of monthly pension.
3. How much of the pension is proposed to be commuted.
4. Have you a wife living? Name any other members of your family dependent upon you for support with their respective ages.
5. Your present monthly income from all sources with particulars.
6. Have you any debts? Give particulars.
7. How do you propose to utilize the commutation money, if granted?
8. Do you suffer from any complaint likely to shorten life? If so, state its nature.
9. Present age.
10. Any further statement which you think might help in the disposal of your application.

(d) Any explanation in regard to receipts and expenditure to show the true financial position of the Municipality when such position is otherwise than the ordinary surplus would indicate.

The ordinary surplus indicates the true financial position of the Municipality.

No. 2052M.—*The 27th August 1915.*—In exercise of the powers conferred by section 351 of the Bengal Municipal Act, 1884 (Act III of 1884), the Governor in Council confirms the following by-laws which have been framed by the Commissioners of the Serampore Municipality in the district of Hooghly :—

**BY-LAWS FOR THE SERAMPORE MUNICIPALITY UNDER SECTION 350 OF BENGAL ACT, III OF 1884.**

**DEFINITIONS.**

1. In these by-laws—

- (1) "Carriage" includes also a motor-car; and
- (2) "Cattle" means cattle as defined in section 3 of the Cattle-trespass Act, 1871 (I of 1871).

**GENERAL EXCEPTION.**

2. As section 34 of the Police Act, 1861 (V of 1861), is in force in this Municipality, no act which constitutes an offence under that section should be punishable under by-law 21, 36 or 54.

**PENALTIES.**

3. The penalty for the infringement of any of the by-laws shall be—

- (a) a fine not exceeding the sum stated at the foot of the by-law,
- (b) in the case of a second or subsequent conviction for a similar offence, a fine not exceeding the sum (if any) stated in that behalf at the foot of the by-law, and
- (c) in the case of a continuing offence, a further fine, not exceeding the sum (if any) stated at the foot of the by-law as the daily fine, which daily fine may be imposed for each day after written notice of the offence from the Commissioners.

**REGULATION OF TRAFFIC ON ROADS.**

4. No owner of any carriage or cart shall allow it to be driven on any road by a driver under 14 years of age.

Fine, Rs. 10.

5. No driver shall drive or have in his charge on any road more than one carriage or cart, except in the case of two carts, the hinder one of which is securely fastened to the preceding cart.

Fine, Rs. 10.

6. Any person driving a carriage or cart, or riding a bicycle, or driving or riding an animal, or carrying a palanquin, on any road, shall, when passing any vehicle coming from the opposite direction, keep to his left, and shall, when overtaking any vehicle, keep to his right.

Fine, Rs. 10.

7. No person shall drive any of the undermentioned vehicles or animals, or convey any palanquin, on any road, between half-an-hour after sunset and half-an-hour before sunrise, unless lights are provided as follows :—

- (a) every carriage must carry two conspicuous lights, one on each side;
- (b) every cart must carry one conspicuous light;

(c) every led horse and every elephant, camel or palanquin must be accompanied by one conspicuous light;

(d) Every cycle must carry one conspicuous light in front.

Fine, Rs. 50.

8. No person shall drive any motor-car or ride any motor-cycle, or any tricycle or bicycle, on any road, unless it has attached to it a bell, horn or other suitable signal in good order.

Fine, Rs. 50.

9. No cart shall, without the general or special permission of the Commissioners, carry on any road a load in excess of twenty maunds.

Fine, Rs. 10.

10. No person shall drive upon a road any cart laden with iron girders, rails, beams, bullas, bamboos, planks or other materials of a similar character which exceed twelve feet in length, unless the cart be accompanied by another person, and be loaded in such a way that no portion of the said materials touches the ground.

Fine, Rs. 10.

11. No person shall drive upon a road any cart laden with bricks, stones or other materials of a similar character, unless such materials be so secured that they cannot fall on to the road.

Fine, Rs. 10.

12. No person shall convey on any road bamboos or timber placed on the back of any animal in such a way that any portion of such bamboos or timber touches the ground.

Fine, Rs. 10.

13. No person shall, without the general or special permission of the Commissioners, take any elephant or camel along any road.

Fine, Rs. 50.

14. No person shall allow any elephant in his charge to go over any bridge on any road, unless the bridge be constructed of arched masonry.

Fine, Rs. 10.

15. No person shall drive upon a road, at the same time, more than two loaded pack-animals.

Fine, Rs. 10.

16. No person riding or driving a mare on any road shall allow a foal to accompany the mare unless it is secured.

Fine, Rs. 10.

17. No person shall drive a bullock-cart on the centre of any road on which cart tracks are provided.

Fine, Rs. 10.

18. No person shall sit or sleep on any road so as to obstruct traffic.

Fine, Rs. 10.

#### REGULATION OF TRAFFIC ON FOOT-PATHS.

19. No person shall wilfully drive or ride any cart, carriage, bicycle, horse or cattle on any foot-path set apart for the use of foot passengers.

Fine, Rs. 10.

**PREVENTION OF OBSTRUCTIONS, ENCROACHMENTS AND NUISANCES ON OR NEAR ROADS.**

20. No person shall abandon, or let loose or negligently allow to get loose, any cattle on or on to any road:

Fine, Rs. 10.

21. No person shall, without the general or special permission of the Commissioners, deposit any articles or things on any road except for a temporary purpose, or use any road as a place for keeping any carriage, cart or cattle, or for washing any article, or for any other private purpose:

Provided that, during the months of April, May and June, between the hours of 10 P.M. and 5 A.M., *khatias* may be laid on the side of a road in such a manner as not to cause obstruction or danger to persons using the road.

Fine, Rs. 10.

22. No person shall plant a tree on any road without the general or special permission of the Commissioners.

Fine, Rs. 10.

23. No person shall, without the general or special permission of the Commissioners, make any excavation on any road, or enclose any road or any part thereof.

Fine, Rs. 10; daily fine, Rs. 2.

24. No person shall, without the general or special permission of the Commissioners, remove turf or cut grass from any road or the slopes thereof.

Fine, Rs. 10.

25. No person shall affix or cause to be affixed to any building, owned or occupied by him, any gutter, spout or other thing intended for the conveyance and discharge of water, or shall leave in any such building any opening for the discharge of water, in such a way that the water discharged therefrom is thrown or falls upon a road, or into any drain in or near a road, or upon any culvert or platform constructed by such owner or occupier over such drain, except through a down-pipe or other suitable contrivance reaching to the level of the road or drain.

Fine, Rs. 10; daily fine, Rs. 2.

26. No person shall throw or discharge any stone or missile on or near any road.

Fine, Rs. 10.

27. No person shall drive any vehicle across a public drain in or near any road so as to cause damage to such drain.

Fine, Rs. 10.

28. No owner or occupier of land abutting on any road shall fence such land with barbed wire.

Fine, Rs. 10; daily fine, Rs. 2.

29. No person shall—

(a) place any burning material in any municipal dust-bin on or near a road, or

(b) burn in any such dust-bin any paper, leaves, grass, wood or other material.

Fine, Rs. 10.

30. No person shall convey sewage or offensive matter by any road otherwise than—

- (a) in a closely covered receptacle of such description and pattern as are prescribed from time to time by the Commissioners at a meeting, and
- (b) between such hours as are so prescribed.

Fine, Rs. 10.

31. No person shall, on or within sight of any road, kill, or clean the carcass of, any cattle or poultry.

Fine, Rs. 10.

32. No person shall take or drive any carriage or cart over a road or part of a road which is closed under section 201 of the Bengal Municipal Act, 1884, or displace any barrier or fence erected under that section.

Fine, Rs. 10.

#### LETTING-OFF OF FIREARMS, FIREWORKS, FIRE-BALLOONS OR BOMBS.

33. No person shall let off any firearms, fireworks, fire-balloons or bombs on or within one hundred yards of any road, except with the general or special permission of the Commissioners.

This by-law shall not apply to the letting off of harmless squibs or crackers.

Fine, Rs. 10.

#### REGULATION OF THE USE OF, AND PREVENTION OF NUISANCES IN REGARD TO, PUBLIC WATER-SUPPLY, BATHING AND WASHING PLACES, STREAMS, CHANNELS, TANKS AND WELLS.

34. No person shall, without the general or special permission of the Commissioners, set up any obstruction in any *nala* or watercourse which is a source of public water-supply.

In addition to the details shown on the reverse, information is given below under the following heads:—

- (a) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take, in order to make good the deficiency. The Municipal taxes have been revised with effect from the beginning of the year 1914-15 and the cart-fees have been raised to the maximum rate of Rs. 4 per annum.
- (b) The reserve of taxation or other possible means of increase in the revenues of the municipality. Nil.
- (c) A statement of all outstanding loans specifying, in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable. Nil.
- (d) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate. The Municipal taxes and rates have been revised with effect from the beginning of the year 1914-15 with the result of an increase of Rs. 1,380 and the cart-fees have been raised to the maximum rate of Rs. 4 per annum, whence an increase of Rs. 400 is expected. Rupees 500 are kept under head "Capital outlay on drainage" for the purpose of repairing the existing drains, which sum will be saved when the drains will be constructed. Hence the normal surplus will be increased by Rs. 2,280.

### *Orders by the Governor of Bengal in Council.*

#### MUNICIPAL AND LOCAL.

##### NOTIFICATIONS.

No. 2247M.—*The 16th September 1915.*—In exercise of the power conferred by section 69B(ii) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to make, in supersession of the rules published with Notification No. 1473M., dated the 23rd May 1914, the following rules for the guidance of the Commissioners of the Howrah Municipality, in matters connected with the carrying out of the purposes of section 69(1)(ii) of that Act, so far as they relate to the supply of water:—

#### *Rules for the Management of Water-works under the Supervision of the Government of Bengal.*

1. The management of the water-supply system of the Howrah Municipality shall vest in the Municipal Commissioners (hereinafter called "the Commissioners"), and the Commissioners shall perform the duties prescribed in the following rules.

2. The Commissioners shall be responsible for the proper application of the water-supply funds. It shall be their duty to take requisite steps to rectify defects in case they find that water-rates are irregularly collected in any instance, or are insufficient for carrying out the purposes of Part VII of the Bengal Municipal Act, 1884.

3. The Commissioners shall frame the annual budget of income and expenditure on account of the water-works, and shall submit it to the Sanitary Engineer for any remarks he may consider necessary. The Sanitary Engineer shall return the budget with his remarks to the Chairman of the Municipality.

4. The Chairman of the Municipality shall, at the end of each quarter, prepare a statement of the accounts of the water-supply funds, which he shall submit to the Commissioners at their next meeting.

5. The Commissioners at a meeting shall, every quarter, inquire into all matters connected with the water-supply of the Municipality, and examine and pass the accounts submitted under rule 4, and shall record that the accounts have been passed in the book of the minutes of the proceedings of the meeting.

6. In all engineering matters connected with the water-works the Commissioners shall be guided by the advice of the Sanitary Engineer. The Commissioners shall afford the Sanitary Engineer all information he may from time to time require, and shall consider and attend to all communications received from him.

7. The Sanitary Engineer shall exercise complete professional control over the Municipal Engineer with reference to the pumping station.

8. The Sanitary Engineer shall visit, or shall depute a representative to visit, the water-works not less than once a year, and shall submit a report thereon to the Sanitary Board. The Commissioners shall arrange for the proper inspection of the boilers and pumping machinery not less than twice a year by a qualified machinery inspector or firm of machinery inspectors, who must be approved by the Sanitary Engineer. The reports of the inspectors must be submitted in Sanitary Engineer's Form No. 6 (Appendix A) to the Sanitary Engineer, and by him to the Sanitary Board.

9. Until all points raised in the reports of the Sanitary Engineer and the machinery inspector have been disposed of, the Commissioners shall submit to the District Magistrate for transmission to the Sanitary Engineer a monthly progress report showing how far effect has been given to the recommendations made in the reports.

10. (1) The Commissioners shall cause to be kept at the pumping station—

(a) a stock account (Form No. 4A) (Appendix A) showing the daily transactions in coal and engine-room stores;

(b) an engine-room log (Form No. 3A) (Appendix A);

(c) a filter-bed log in Sanitary Engineer's Form No. 5 (Appendix A) or a filter log in Sanitary Engineer's Form No. 5A (Appendix A); and

(d) such other forms as the Sanitary Engineer may from time to time prescribe.

(2) The said forms shall be written up daily by the Superintendent, and shall be available at all times for inspecting officers and visitors appointed under rule 13.

11. The Commissioners shall submit to the Sanitary Engineer not later than the tenth of each month :—

(a) indicator diagrams from each engine in Sanitary Engineer's Form No. 1 (Appendix A) for one day in the preceding month, which must be accompanied by a copy of the engine-room log, Form No. 3A (Appendix A), for the day on which they are taken;

(b) an abstract of work done by the pumping machinery during the preceding month in Sanitary Engineer's Form No. 2 (Appendix A);

(c) a copy of the filter-bed log or filter log, Sanitary Engineer's Forms Nos. 5 and 5A (Appendix A), for the same day of the preceding month as that to which the indicator diagrams referred to in clause (a) apply; and

(d) such other information as the Sanitary Engineer may from time to time require.

12. It shall be the duty of the Municipal Engineer to see that the rules for working settling tanks and slow sand and mechanical filters in water-works (Appendix B) are properly attended to by the Superintendent of the pumping station.

13. A visitors' book shall be kept at the pumping station in which shall be recorded the visitors' remarks.

14. An extract of the proceedings relating to the water-supply system at each meeting of the Commissioners shall be forwarded, within a week of the date of the meeting, to the Sanitary Engineer, who may, if he thinks fit, and shall, if the Commissioners so desire, submit it with his remarks to the Sanitary Board.

15. The chemical and bacteriological analysis of water from the water-works shall be carried out once a quarter in the laboratory of the Sanitary Commissioner, and the remains of the analysis shall be communicated to the Municipality and laid before the Commissioners at a meeting.

16. The Sanitary Commissioner after his inspection shall forward a copy of his remarks concerning the water-works to the Sanitary Engineer.

17. (1) Subject to the general control of the Commissioners, the duties prescribed for the Commissioners in these rules may, if the Commissioners so decide, be performed by a Committee, to be called, "The Water-Works Committee," consisting of the Chairman, Vice-Chairman and eight other Municipal Commissioners elected by the Municipal Commissioners at a meeting.

(2) The Committee shall act as the agents of the Commissioners in all matters relating to the administration of the water-supply of the Municipality, and shall for this purpose exercise all the powers vested in the Commissioners by the Bengal Municipal Act, 1884:

Provided as follows:—

- (i) the Committee must not act in opposition to, or in contravention of, any order passed by the Commissioners at a meeting, and must not exercise any power which is directed by the law to be exercised by the Commissioners at a meeting;
- (ii) all orders or processes of a compulsory nature shall be issued under the authority and signature of the Chairman of the Municipality, or of the Vice-Chairman under authority delegated to him in this behalf by the Chairman under section 45 of the Bengal Municipal Act, 1884;
- (iii) in respect of the duties imposed by rules 2, 3 and 9, the Committee shall perform the functions of rectification of defects and transmission of documents through the Commissioners.

18. At every meeting of the Committee three members shall form a quorum.

Report on an examination of the Boilers, Engines and Pumps of the Water-works made by \_\_\_\_\_ on the \_\_\_\_\_

## BOILERS.

1. Description of boilers giving maker's name and date of erection.

Give grate area and calculated horse-power.

2. When and by whom last examined:—

(a) If examined by an Inspector of Steam-boilers under Bengal Act III of 1879, give name of Inspector and number and date of last certificate.

(b) Note working pressures previous to last examination; and, if any reduction in pressure was made by the Inspector, state how much and why such reduction was made.

BOILERS—*continued.*

*Note.—If the boilers are working under certificates granted by an Inspector under Act III (B.C.) of 1879, questions 3, 4, 5 and 6 need not be answered.*

3. Have you examined the boilers internally and externally ; if so, with what result ? Give thickness of scale, if any, and state whether you had it removed.

4. Did you test the boilers by hydraulic pressure ; if so, up to what pressure ?

Did you ascertain that the steam-gauge was correct, and that the steam relief-valve was in working order, and not over-weighted before applying the hydraulic test ?

5. What working pressures do you now recommend ?

6. Have you examined all the boiler-fittings, such as safety-valves, feed-water pipe, blow-off cocks, steam- and water-gauges, etc.? State if they are all in good working order, and if not, what is required to make them so?

*Note.—The safety-valves should not be weighted to more than 10lbs. (preferably 5lbs. above the working pressure).*

7. Are the boilers blown out regularly, and safety-valves lifted to ensure their not sticking ; and is a record kept of the dates on which this has been done since the last inspection ?

8. Is the floor of the boiler-house kept dry and in good order ?

- (a) Where are the ashes slaked ?
- (b) When was soot last removed from the flues ?
- (c) Are the flues free from moisture during the rainy season ?

## BOILERS—concluded.

9. State which of the following are available for filling the boiler, and which is generally used:—

- (a) Feed-pump on engine.
- (b) Donkey-pump.
- (c) Injector.
- (d) Cold-water pressure from the mains.

10. State average fuel consumption since last report, giving the percentage of ashes and kind of fuel used.

If coal be used, give name of colliery from whence obtained.

## 11. General remarks.

*Note.—Any repairs that have been done in the boiler-house, since last inspection, should be recorded here.*

## ENGINES.

12. Description of engines, noting also maker's name, date of erection, diameters of cylinders, and length of stroke.

13. When and by whom last examined?

1915  
Sept 29  
Engg. Dept.  
Calcutta

14. Did you examine the interiors of the cylinders, and if so, with what result?

15. Did you examine the steam-valves, and if so, with what result?

## ENGINES—concluded.

16. Did you take any indicator diagrams? If so, attach to this report a set worked out, with full particulars noted:—

- (a) State whether you consider the valves are properly set for the most economical working of the engine.
- (b) State whether you consider the indicator diagrams are satisfactory or not, and whether any difference in them is apparent. If so, what, in your opinion, has caused the difference?

17. Are all stuffing boxes and glands kept properly packed, and steam-pipes free from leaks?

18. What vacuum is generally maintained?

19. Is the air-pump in good order? Give temperature of its discharges.

*Note.—The temperature should not exceed 115°.*

20. Are the lubricants in use of good and suitable quality, and is a sufficiently large supply of all stores kept in hand?

21. General remarks.

*Note.—All repairs, however slight, that have been carried out since last report, should be mentioned here.*

## PUMPS.

22. Description of pumps, noting also diameters of buckets or plungers, length of stroke, number and size of valves.

23. Did you examine all buckets and plungers, and if so, with what result?

24. What do you consider is the percentage of "slip"?

(a) What do you find the mechanical efficiency of the engines?

25. Were the pumps working smoothly, evenly and without noise, or banging of valves?

26. Are the air-vessels kept properly charged with air?

(a) State means of doing so.

27. General remarks.

*Note.—All repairs that have been carried out since last report should be mentioned here.*

## APPENDIX B.

[See Rule 12.]

## RULES FOR WORKING SETTLING TANKS AND SLOW SAND AND MECHANICAL FILTERS IN THE HOWRAH WATER-WORKS.

## SETTLING TANKS.

1. It is important that water drawn from rivers, channels or streams should have as long a settlement as possible before being passed on to slow sand filters, in order that the action of sunlight, the precipitation of suspended matter and the natural tendency to elimination of pathogenic bacteria may have their maximum purifying effect.

2. Settling tanks are worked either on (a) the continuous flow, or (b) the intermittent system. In the first system the tanks are kept full, and the water is continually admitted at one end and drawn off from near the surface at the other. In order that this system may be properly used with slow sand filters, the unfiltered water-pumps must be worked continuously throughout the 24 hours, or the settling tanks must be fed from a storage reservoir. When designed on the intermittent system, each tank in turn is filled and then kept full until the tanks filled before it are drawn down; the settled water is then decanted through a floating arm or similar apparatus until the tank is lowered to the lowest draw-off level, when it is again filled.

The whole available storage capacity of settling tanks should always be used as far as possible. On the other hand, care must be taken, in tanks unprovided with fixed overflows, not to fill them to a greater depth than they are designed for.

3. When a deposit of from 18 inches to 2 feet of silt has formed at the bottom, the tank should be emptied and cleaned out. This work must always be done in the dry weather and preferably between February and April.

4. In the rains and when there is an excessive amount of suspended matter in the raw water, clarification will generally have to be assisted by the use of a coagulant. The precipitant most commonly used in Bengal water-works is aluminoferric. This depends for its effective action upon the alkalinity of the water. If more of the chemical is used than can be decomposed by the carbonates present, it will remain dissolved in the water and will be wasted.

Generally speaking, not more than 2 grains per gallon of aluminoferric should be used. Before deciding on the quantity to be added, a sample of the water to be treated should be sent to the Sanitary Commissioner for analysis and advice on this point.

5. The aluminoferric must be added at the inlet end of the settling tanks, and experiments should be made to ascertain the time taken by a given quantity to dissolve. One grain per gallon is 1 lb. per 7,000 gallons treated. Thus, if 300,000 gallons per day are treated with 2 grains per gallon, the daily quantity used will be 86 lbs.

## SLOW SAND FILTERS.

6. The rate of delivery on to a sand filter is regulated by (a) the available head between the settling tanks and the inlet valve, and (b) the amount the inlet valve is open.

The rate of flow through the filter depends upon (c) the resistance of the sand in the filter, and (d) the filtration head or difference in level between the surface of water on the filter-bed and the water in the outlet well.

The discharge from the outlet well to the clear-water reservoir depends on (e) the amount the outlet valve is open, or in the case of a telescopic outlet, the extent to which the bell mouth is lowered.

It is obvious that these factors are mutually interdependent, for more water cannot flow out of a filter than is delivered on to it, nor than can make its way through the sand.

Factors (a) and (c) continually tend to vary, so (b) and (d) must also be altered from time to time in order to maintain a constant flow through

the filter. In some filters the inlet is controlled by a ball valve which keeps the level of the water on the filter always the same. In this case, the flow through the filter is regulated by (e). In all filters the surface of the water on the sand should be always kept as nearly the same level as possible and the filtration head regulated by the outlet valve or telescopic weir. The depth of water on the sand should be somewhere between 2 feet and 3 feet 6 inches. Gauges measuring to the same datum should be fixed on the wall of the filter and in the outlet well so that the difference in level can be easily measured.

7. Filtration should be carried on continuously day and night as nearly as possible at the same rate, usually somewhere between 3 or 4 inches vertical an hour. The rate of flow must on no account exceed the latter figure.

Where there is no direct method of measuring the flow of water through a filter, such as an outlet gauge notch or a meter, it may be ascertained by closing the inlet valve and leaving the outlet valve open. The fall of the surface of the water in inches at the end of an hour will give the rate of flow per hour.

8. In a new filter or one recently scraped, the filtration head required will be very small, but it will rapidly increase. In the usual way, a filter should be scraped before the filtration head reaches 12 inches. It must never be allowed to exceed 15 inches.

9. A filter should be scraped by carefully removing the slimy coze which has formed on the top, together with about  $\frac{1}{2}$  inch of sand. The sand removed may subsequently be used again if properly washed in a sand-washer. The depth of fine sand must never be reduced to less than 18 inches, and when this thickness is reached, the filter must be replenished. Before replenishing about 2 or 3 inches of sand should be removed, and the remainder dug over and loosened; clean-washed sand is then to be added until the original thickness is obtained.

10. If the water filtered has been of a very bad quality or the filter has been mismanaged, or been long in use the whole filter may require to be renewed. In this case, the whole of the filtering material, coarse sand and gravel, as well as the under-drains, must be removed and washed before replacing.

11. After a filter-bed has been scraped, replenished, or renewed, it should, if possible, be charged from below by admitting filtered water very slowly until the surface is about 3 inches above the sand; the filling can then be completed from above. If there is no arrangement for filling from below, the filling must be very carefully and slowly done from above.

After filling, water should be passed through the filter at the rate of about one inch vertical per hour and run to waste for 24 hours after scraping and four days after replenishing or renewing.

12. Daily records must be kept in the filter-bed log-book [Sanitary Engineer's Form 5 (Appendix A)] of the quantity of water filtered and the filtration head, recorded at intervals of three hours throughout the day.

#### MECHANICAL FILTERS.

13. For each installation of mechanical filters, rules for working must be obtained from the makers of the plant, but the following points must be attended to in all cases :—

(i) The efficiency of the plant depends upon the proper proportioning and correct addition of the coagulant. The actual amount of coagulant required is determined by local conditions. It will vary during different seasons of the year and can be best ascertained by experiment in actual working.

(ii) The precipitant generally used is sulphate of alumina, and this should be purchased under a proper specification of chemical composition. The precipitant is made up into a strong solution in large vats and added to the raw water by an adjustable apparatus. The water so treated is then allowed to settle for some hours before filtration.

In cases where sedimentation continues for a considerable time after the coagulant has been applied, it may be necessary to add a small additional quantity of the chemical to the water immediately before passing it to the filters.

- (iii) The rate of filtration should be kept as nearly as possible constant and must not exceed the rate for which the filters had been designed. Generally, filters are provided with automatic controllers, and these must on no account be tampered with or made to pass more water than intended.
- (iv) The maximum filtration head permissible varies with different types of plant; it is usually not more than 10 feet. When the maximum head is reached, as shown by the indicator, the filter must be washed.
- (v) Washing must always be done with filtered water. In the case of a battery of two or more pressure filters, they may be arranged so that one can be washed with filtered water from another. Washing must be continued until the waste water becomes quite clear. After washing, the filtered water must be run to waste for 20 minutes before connecting to the town.
- (vi) Daily records must be kept in the filter log-book [Sanitary Engineer's Form 5A (Appendix A)] of the quantity of water filtered, the amount of sulphate of alumina used, the hours during which filtration has been carried on, the filtration head (recorded at intervals of three hours), the length of time taken to wash each filter, and the hour at which it was washed.

**No. 2324M.—The 27th September 1915.**—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (**Murshidabad.** Bengal Act III of 1884), the Governor in Council makes, in supersession of the rules published with notification No. 1655T.M., dated the 17th September 1900, the following rules subject to which the Commissioners of the Berhampore Municipality in the district of Murshidabad may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises within the Municipality for domestic purposes only.

#### RULES FOR THE SUPPLY OF FILTERED WATER TO PREMISES IN THE BERHAMPORE MUNICIPALITY.

1. So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions.

2. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office.

3. A fee of Rs. 52 including Rs. 2 as inspection fee must be paid to the Commissioners by such owner or occupier for each holding connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

4. Each holding must have a separate connection and extensions from the communication-pipe of one holding to another shall not be permitted.

5. The owner or occupier of the holding in respect of which the connection is required, must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

6. (i) The work required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(ii) The work must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with

the Municipal water-main except at such time as may be appointed and in such position as may be selected by an authorised Municipal Officer.

7. A holding connection shall comprise the following parts or fittings:—

- (a) A brass or gun-metal ferrule inserted in the main supply pipe;
- (b) A galvanised iron communication-pipe from the ferrule to the meter;
- (c) A stop-cock and its surface-box;
- (d) A meter;
- (e) Service pipes from the stop-cocks to the taps; and
- (f) Taps.

8. (i) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(ii) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(iii) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The size of the ferrule referred to in clause (a) of rule 7 shall be decided by the Commissioners, but its diameter shall not differ from that of the communication-pipe referred to in clause (b) of that rule by more than  $\frac{1}{4}$  inch.

10. (i) The diameter of the communication-pipe shall be determined with regard to the average pressure in the main supply-pipe at the point nearest the holding for which a connection is required, and to the quantity of water to be supplied.

(ii) The diameter of the communication-pipe shall be such that it will be capable of delivering the estimated daily supply in six hours.

(iii) The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

11. (i) On every communication-pipe a brass or gun-metel stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(ii) The stop-cock shall be built in a brick chamber provided with a cast iron surface cover-box so designed that it can be locked.

(iii) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (i) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(ii) The meter must be fixed in a brick chamber covered over with a cast iron surface box of approved pattern.

(iii) Subject to the provisions of rule 13, no meter must be touched or interfered with in any way except with the permission of the Chairman.

13. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

14. (1) Every owner or occupier of any holding in respect of which a connection has been made under these rules, shall be entitled to a supply of—

(a) 3,200 gallons of water per quarter for each rupee, and  
 (b) a further proportionate number of gallons per quarter for every additional fraction of a rupee,

paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows:—

	Per 1,000 gallons.	
	As.	
(a) For any excess quantity of water not exceeding 4,000 gallons	8	
(b) For any excess quantity of water exceeding 4,000 gallons	12	

15. If the owner or occupier of any holding which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of one month after he has been served with a notice of demand for the same, the Commissioners may, at any time after the expiration of that period, and without further notice, disconnect any pipe forming part of the connection made in respect of such holding and may recover the cost of disconnecting such pipe from such owner or occupier:

Provided that the disconnection of such pipe shall not relieve any person from any liabilities which he may have incurred under these rules.

16. (i) Every tap shall be of the same size as the pipe to which it is attached, and shall be of brass and of the pattern known as screw-down or push-cock. Every tap shall be at least three feet above the road level.

(ii) The number of taps in a holding shall be fixed in accordance with the annual valuation of such holding as follows:—

Annual valuation of holding.		Number of taps.	By 1/2
From Rs. 100 to Rs. 199	...	...	2
" " 200 " " 499	...	...	3
" " 500 " " 1,500	...	...	4

and for every Rs. 500 or part thereof in excess of Rs. 1,500, one additional tap.

**No. 452T.M.—The 2nd October 1915.**—In exercise of the power conferred by clause (a) of section 59 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to approve the resolution passed by the Commissioners of the Suri Municipality, in the district of Birbhum, under section 23 of that Act, electing Babu Jnanada Kinkar Mukharji to be their Chairman.

**No. 461T.M.—The 3rd October 1915.**—The following proposed plan for lighting a portion of the Cossipore-Chitpur Municipality with gas, which has been submitted by the Commissioners of that Municipality to the Government of Bengal for sanction under section 308 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), is published for the information of persons likely to be affected thereby.

II. The proposed plan will be taken into consideration on 13th November 1915, and any objection or suggestion which may be received by the undersigned before that date will be considered.

#### *Proposed Plan.*

1. The portion of the Municipality which it is proposed to light with gas is defined below:—

**North**—By a line running along the northern drain of Kali Charan Ghosh Road to its junction with Ram Krishna Ghosh Road,

**East**—By a line running one hundred feet to the east of the following roads:—

(a) Portion of Kali Charan Ghosh Road from its junction with Ram Krishna Ghosh Road to its junction with South Sinthee Road; and

(b) Portion of South Sinthee Road from its junction with Kali Charan Ghosh Road to its junction with Dum-Dum junction station road and Dum-Dum junction station road,

**South**—By a line one hundred feet to the north of the Dum-Dum Road,

**West**—By a line one hundred feet to the east of the Barrackpore Trunk Road.

2. Ninety-eight gas lamps will be installed within this portion of the Cossipore-Chitpur Municipality and the Commissioners have entered into an agreement with the Oriental Gas Company, Limited, on account of the maintenance of these lamps at the rate of Rs. 43 for each lamp a year or at a total annual cost of Rs. 4,214 per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 3 per cent. on the annual value of holdings situated within the area to be lighted as defined in paragraph 1 of this notification and from the annual surplus from the existing lighting rate in the said Municipality. The income to be derived from the lighting-tax of the aforesaid area is estimated to be Rs. 731 a year.

#### NOTIFICATIONS.

[*2nd Publication.*]

No. 461 P.M.—The 3rd October 1915.—The following proposed plan for lighting a portion of the Cossipore-Chitpur Municipality with gas, which has been submitted by the Commissioners of that Municipality to the Government of Bengal for sanction under section 308 of the Bengal Municipal Act, 1884 (Beng. Act III of 1884), is published for the information of persons likely to be affected thereby.

II. The proposed plan will be taken into consideration on 13th November 1915, and any objection or suggestion which may be received by the undersigned before that date will be considered.

#### *Proposed Plan.*

1. The portion of the Municipality which it is proposed to light with gas is defined below :—

*North*—By a line running along the northern drain of Kali Charan Ghosh Road to its junction with Ram Krishna Ghosh Road,

*East*—By a line running one hundred feet to the east of the following roads :—

(a) Portion of Kali Charan Ghosh Road from its junction with Ram Krishna Ghosh Road to its junction with South Sinthee Road; and

(b) Portion of South Sinthee Road from its junction with Kali Charan Ghosh Road to its junction with Dum-Dum junction station road and Dum-Dum junction station road,

*South*—By a line one hundred feet to the north of the Dum-Dum Road,

*West*—By a line one hundred feet to the east of the Barrackpore Trunk Road.

2. Ninety-eight gas lamps will be installed within this portion of the Cossipore-Chitpur Municipality and the Commissioners have entered into an agreement with the Oriental Gas Company, Limited, on account

of the maintenance of these lamps at the rate of Rs. 43 for each lamp a year or at a total annual cost of Rs. 4,214 *per annum*.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 3 *per cent.* on the annual value of holdings situated within the area to be lighted as defined in paragraph 1 of this notification and from the annual surplus from the existing lighting rate in the said Municipality. The income to be derived from the lighting-tax of the aforesaid area is estimated to be Rs. 781 a year.

#### *Amendments.*

(1) For rule 1 substitute the following, namely:—

1. (1) The ground or lowest floor of every house erected or re-erected must be constructed at such level as will admit of the construction of a drain sufficient for the effectual drainage of the house, and,—in order to permit of the drainage being led, either directly or indirectly, into a municipal sewer or drain existing at the time, or proposed,—the plinth must be constructed at the following levels:—

(a) in the case of a house within 25 feet of the centre of any road constructed or proposed not less than 2 feet above the centre or crest of that road;

(b) in all other cases—not less than 2 feet above the level of the compound—except in cases where the level of the compound is not less than 1 foot above the level of the nearest road in which case the plinth must be at least 1 foot above the level of the compound.

- (2) In cases falling under clause (b), the site must first be inspected and sanctioned by the Chairman, to ensure its suitability from a sanitary point of view.
- (2) In sub-rule (1) of rule 21 after the word "house" insert the following:—  
"which is estimated to cost Rs. 1,000 or over."
- (3) After rule 21 add the following, namely:—
22. (1) Every application for permission to erect a house which is estimated to cost less than Rs. 1,000, must be submitted on a printed form (to be supplied free of cost by the Commissioners), in which the position of the site and the number assigned to it in the assessment book must be stated and shall be accompanied by—  
(a) rough plans containing full dimensions,  
(b) specifications, and  
(c) a detailed description of the proposed structures.
- (2) The rough plans must be in duplicate and must show the exact position of the land, with the exact boundaries of the plots and adjoining roads and the position of all buildings existing and proposed to be erected as well as the site or sites of latrines and the entrances to them for the purposes of cleaning.
- (3) The specifications accompanying the plans must give a detailed description of the mode of construction of the buildings proposed, and must also show the purpose for which the buildings are to be used, and the estimated cost thereof.

2. Every stable, cattleshed and cowhouse must be well paved with asphalt, stone, brick-on-edge with cement pointing, or flagstones set in cement, or with some other suitable impervious material approved by the Chairman.

4. Every stable, cattleshed and cowhouse must have, for purposes of light and ventilation.—

(a) an opening, of not less than one foot in width, on all sides below the junction of the eaves and the wall of the building, as shown in the annexed type-plans, and

(b) such other openings as may be required by the Chairman.

6. The interior fittings of every stable, cattleshed and cowhouse must be so constructed and placed as to provide for each animal kept in the stable, shed or house, a clear superficial floor space of at least forty square feet and a clear lateral space of at least five feet.

7. The walls of every stable, cattleshed or cowhouse must be at least seven feet in height from the level of the floor up to the junction of the eaves with the walls.

8. By-laws 1, 4 and 8 shall apply only to stables, cattlesheds and cowhouses in which animals are kept for sale or hire or for the sale of their produce.

The General Committee now propose to amend these clauses as follows and to add a new clause after clause 8.

*Proposed By-laws—Section 559(26).*

1. (1) No change in the wording of the by-law but the type-plans altered to suit the new rules.

2. Every stable, cattleshed and cowhouse must be paved with artificial stone or some other suitable impervious material approved by the Chairman.

4. Every stable, cattleshed and cowhouse must have, for purposes of light and ventilation,—

- (a) an opening, of not less than 18 inches in width, on all sides below the junction of the eaves and the wall of the buildings, as shown in the annexed type-plans, and
- (b) such other openings as may be required by the Chairman.

6. (1) The internal arrangements of every stable, cattleshed and cowhouse must be so constructed and placed as to leave—

- (a) in the case of every stable, a clear superficial floor space of at least forty square feet (excluding the space occupied by the trough and the drain) and a clear lateral space of at least five feet for each animal,
- (b) in the case of every cattleshed and cowhouse, a floor space of at least ten feet in width for each row of animals and a lateral space of  $3\frac{1}{2}$  feet for each animal, the clear standing space for each animal not being less than  $22\frac{1}{2}$  square feet in any case. The lateral space must be railed off to a distance of three feet from the manger for every two animals.

(2). Additional accommodation must be provided for calves, as may be approved by the Health Officer.

7. The walls of every stable, cattleshed or cowhouse must be at least 8 feet in height from the level of the floor up to the junction of the eaves with the walls.

*New clause (9).*—Every stable, cattleshed and cowhouse on any new site must have a minimum open space of 10 feet on all sides except on any side which may abut on a street, square or the like dedicated to public use and not likely to be built upon, in which case the width of such street, square or the like as aforesaid shall be taken into consideration in calculating the necessary 10-feet space on that side.

On and after the 1st day of April 1917, for the purpose of this by-law, the site of a proposed stable, cattleshed or cowhouse, shall be deemed to be a new site unless it has been occupied by licensed stable, cattleshed or cowhouse within a period of 12 calendar months.

10. By-laws 1, 4, 8 and 9 shall apply only to stables, cattleshed and cowhouses in which animals are kept for sale or hire or for sale of the produce thereof, or for any other purposes of gain or profit.

Notice of the proposed amendments is given in accordance with the provisions of section 565 of the Calcutta Municipal Act. Objections, if any, to the amendments now proposed will be received up to Monday, the 22nd November 1915, after which the General Committee will proceed further with the consideration of the draft.

The type-plans mentioned in the proposed clause 1 (1) may be inspected at the Health Office, 5 Corporation Street.

No. 461T.M.—The 3rd October 1915.—The following proposed plan for lighting a portion of the Cossipore-Chitpur Municipality with gas, which has been submitted by the Commissioners of that Municipality to the Government of Bengal for sanction under section 308 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

II. The proposed plan will be taken into consideration on 13th November 1915, and any objection or suggestion which may be received by the undersigned before that date will be considered.

*Proposed Plan.*

1. The portion of the Municipality which it is proposed to light with gas is defined below :—

*North*—By a line running along the northern drain of Kali Charan Ghosh Road to its junction with Ram Krishna Ghosh Road,

*East*—By a line running one hundred feet to the east of the following roads :—

(a) Portion of Kali Charan Ghosh Road from its junction with Ram Krishna Ghosh Road to its junction with South Sinthee Road ; and

(b) Portion of South Sinthee Road from its junction with Kali Charan Ghosh Road to its junction with Dum-Dum junction station road and Dum-Dum junction station road.

*South*—By a line one hundred feet to the north of the Dum-Dum Road,

*West*—By a line one hundred feet to the east of the Barrackpore Trunk Road.

2. Ninety-eight gas lamps will be installed within this portion of the Cossipur-Chitpur Municipality and the Commissioners have entered into an agreement with the Oriental Gas Company, Limited, on account of the maintenance of these lamps at the rate of Rs. 43 for each lamp a year or at a total annual cost of Rs. 4,214 per annum.

3. The Municipal Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 3 per cent. on the annual value of holdings situated within the area to be lighted as defined in paragraph 1 of this notification and from the annual surplus from the existing lighting rate in the said Municipality. The income to be derived from the lighting-tax of the aforesaid area is estimated to be Rs. 731 a year.

No. 104T.—San.—The 16th October 1915.—In exercise of the power conferred by section 349-F. of the Bengal Municipal

**Calcutta.** Act, 1884 (Bengal Act III of 1884), as amended by Bengal Act II of 1914, the Governor in Council is pleased to make the following rules prescribing for the Municipalities outside Calcutta, in which Part XIB of the Bengal Municipal Act, 1884, as so amended, is in force :—

- (a) the qualifications of candidates for employment as Health Officers and Sanitary Inspectors, and

Apart from the surplus balance of Rs. 2,211, there will be an income derivable from the tank amounting to Rs. 299. The two instalments payable during a year on account of the new loan applied for would amount to Rs. 365. So there will be very little to pay from the general revenue.

There was a revision of assessment during 1914-15, which came into effect from 1915-16, resulting in an increase of the income. But, as explained above, very little assistance will be required from the general revenue to pay off the debt.

Fine, Rs. 10.

19. No person shall commit a nuisance by easing himself on or within sight of any road.

Fine, Rs. 10.

20. No person shall, without the permission of the Commissioners, carry bamboos or long planks of wood or bamboo *chattas* at night along any road, except on bright moonlight nights without sufficient lights accompanying them.

Fine, Rs. 5.

21. No person shall put or cause to be put, on any house or other building, any spout or other things intended for the conveyance and discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any road.

Fine, Rs. 5.

#### LETTING OFF FIREARMS, FIREWORKS, FIRE-BALLOONS OR BOMBS.

22. No person shall let off any firearms, fireworks, fire-balloons or bombs on or within one hundred yards of any road, except—

- (i) with the general or special permission of the Commissioners, and
- (ii) on payment of such fees as the Commissioners may decide.

This by-law shall not apply to the letting off of harmless squibs or crackers.

Fine, Rs. 10.

#### REGULATION OF THE USE OF, AND PREVENTION OF NUISANCES IN REGARD TO PUBLIC WATER-SUPPLY, BATHING AND WASHING PLACES, STREAMS, CHANNELS, TANKS AND WELLS.

23. No person shall, without the general or special permission of the Commissioners, set up any obstruction in any *nala* or watercourse which is a source of public water-supply.

*Explanation.*—The spreading of fishing-nets and placing of fishing-traps in any such *nala* or watercourse are included in the word "obstruction" as used in this by-law.

Fine, Rs. 10; daily fine, Rs. 2.

24. No person shall ease himself at the side of or into any river, stream, channel, tank or well which is used by the public.

Fine, Rs. 10.

25. No person shall throw, deposit or discharge any rubbish, sewage or offensive matter into any river, stream, channel, tank or well which is used by the public.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

26. Every owner or occupier of any part of the bank of any *nala* or watercourse, which is a source of public water-supply, shall—

- (a) keep such bank free from filth, dense vegetation and other obstruction, and
- (b) at all times allow the Commissioners or any of their servants duly authorised in this behalf, to have access to such *nala* or watercourse for any purpose of public conservancy.

Fine, Rs. 10.

27. A person cleansing a channel or tank shall not leave any weeds taken therefrom on the slopes or banks of the channel or tank, but shall remove the same altogether within three days.

Fine, Rs. 10; daily fine, Rs. 2.

28. No person shall bathe or shall wash clothes, utensils or any other articles, within a distance of ten feet from the lowest platform of any public well [or of any filtered water stand-pipe which is used by the public].

Fine, Rs. 10.

29. Except with general or special permission of the Commissioners and under such conditions as they may from time to time prescribe, no person shall use any stand-pipe or fountain, belonging to the Commissioners, for any purpose other than drawing water—

- (a) for drinking on the spot, or
- (b) for carrying away for domestic purposes.

Fine, Rs. 10.

30. No person shall, without the general or special permission of the Commissioners, steep in any tank or ditch any jute, hemp or other vegetable matter which is likely to render the water offensive or noxious to the neighbourhood.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

31. No person shall wash or cause to be washed in any tank or watercourse or any other receptacle for water used by the public for drinking or bathing purposes any clothes, bedding or other articles which have been used by a person suffering from any infectious or contagious disease.

Fine, Rs. 50.

32. No person suffering from any infectious or contagious disease shall bathe in any public bathing place.

Fine, Rs. 10.

#### DISPOSAL OF SEWAGE AND OFFENSIVE MATTER.

33. No person shall deposit nightsoil in any place not approved by the Commissioners for the purpose.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

34. No owner or occupier of any garden or agricultural land shall, without the general or special permission of the Commissioners, cause or allow any human excrement to be used for manuring in such garden or land.

Fine, Rs. 50.

35. Every owner or occupier of any house, land or premises, from which sewage or offensive matter is not removed by such owner or occupier, shall give free access to the servants of the Municipality for the removal thereof within such hours as may have been fixed by the Commissioners.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

36. Every owner, occupier or farmer of any market shall remove or cause to be removed therefrom, once in every twenty-four hours, any offensive matter which may have accumulated therein during that period.

Fine, Rs. 10; on a second or subsequent conviction, Rs. 50.

#### DISPOSAL OF CARCASSES.

37. Every owner or occupier within whose premises any animal dies shall, within six hours after its death, or, if the death occurs at night, then within six hours after sunrise, either remove the carcass, at his own expense, to such place as may be set apart by the Commissioners for the disposal of such carcasses, or report the death to the conservancy overseer of the ward within which such premises are situated.

##### NOTIFICATIONS.

No. 2928M.—*The 23rd December 1915.*—In exercise of the power conferred by sub-section (4) of section 367 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), and in continuation of Notification No. 530T.M., dated the 8th October 1915, the Governor in Council is pleased to confirm in the form shown below the following declarations submitted by the Corporation of Calcutta under that section:—

I. In the following streets the elevation and construction of the frontage of all masonry buildings hereafter erected or re-erected shall, in respect of their architectural features, be such as the General Committee may consider suitable to the locality:—

##### DISTRICT II.

##### *Ward VIII.*

Tara Chand Dutt Street.  
Zakariah Street.

II. In the following locality the erection of huts will not be allowed without the special permission of the General Committee:—

##### DISTRICT II.

##### *Ward VIII.*

Area bounded on the north by a line drawn at a distance of 100 feet north of Tara Chand Dutt Street and parallel to it, on the south by a line drawn at a distance of 100 feet south of Zakariah Street and parallel to it, on the east by Halliday Street, and on the west by Lower Chitpore Road.

No. 2932M.—*The 23rd December 1915.*—The following draft of an order which the Governor in Council intends to make under clause (b) of section 9 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 19th February 1916, and any objection or suggestion which may be received by

the undersigned through the District Magistrate before that date will be duly considered.

*Draft Order.*

In exercise of the power conferred by clause (b) of section 9 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and on the recommendation of the Commissioners of the North Barrackpore Municipality, in the district of the 24-Parganas, made at a meeting, the Governor in Council is pleased to exclude from the municipal limits of the said municipality the area known as the Workmen's lines of the Ichapur Rifle Factory, the boundaries of which are specified below:—

*North*—Kumarpara Lane and Eastern Bengal State Railway siding.

*East*—The Eastern Bengal State Railway Main Line.

*South*—A line connecting in succession the pillars numbered 19 to 41 which mark the southern boundary of the land acquired for the purpose of Workmen's lines for the Ichapur Rifle Factory.

*West*—Ghoshpara Road.

II. The boundaries of the North Barrackpore Municipality, after excluding the said area, will hereafter be as follows, namely:—

*North*—From the point where the Goraripara Lane cuts the Eastern Bengal State Railway the boundary runs in a westerly direction along the southern boundary of the same lane up to the Ghoshpara Road, where it crosses the Ghoshpara Road at Bench Mark stone No. 75 and runs along the southern boundary of Sondlapara Road and Sondlapooker Road up to a point on the Sondlapooker Road opposite the north-east corner of Babu Mohesh Chandra Chatterjee's land (boundary pillar) where it meets the northern boundary of the village Ichapur, the said point being 160 yards distant along the Sondlapooker Road from the Sondlapooker; thence along the northern boundary of the village Ichapur to the north-east corner of Meher Mistri's tank adjoining the Debutola khal; thence along the centre of the Debutola khal up to the river Hooghly.

*East*—The eastern boundary of the village Ichapur and the Barrackpore Cantonment.

*South*—The river Hooghly and the Barrackpore Cantonment.

*West*—The river Hooghly.

No. 2947M.—*The 23rd December 1915.*—In exercise of the power conferred by section 27 of the Bengal Municipal Act,

**24-Parganas.** 1884 (Bengal Act III of 1884), the Governor in Council

is pleased to appoint Mr. J. A. Ogg to be a Commissioner of the Titagarh Municipality, in the district of the 24-Parganas, *vice* Mr. A. R. Murray, resigned.

No. 2969M.—*The 28th December 1915.*—The following rules made by the Calcutta Hindu Burial Board under section 13 of the

**Calcutta.** Calcutta Burial Boards Act, 1889 (Bengal Act IV of 1889), as applied to the said Board by section 19 of the said Act, have been sanctioned by the Governor in Council and are published for general information:—

1. The area to be used for graves in every burial-ground shall be divided into grave-spaces which shall be serially numbered so that the position of each grave-space may be readily ascertained.

2. No grave-space shall exceed 8 feet by 4 feet in superficial dimensions, and every grave shall be so constructed as to leave a space of at least 1 foot on all sides between it and the boundary of the grave-space allotted to it.

3. No grave shall be constructed of masonry nor shall it be made of a greater superficial area than 7 feet by 3 feet nor to a depth of less than 4 feet. There shall not be more than one interment in any single grave.

4. Grave-spaces shall be occupied consecutively according to the date of application, and no grave-space shall be allotted out of its regular serial order.

5. No piece of land used for any grave shall be re-used for another interment until after the expiry of a period of eight years from the date of the last interment made therein.

6. No enclosures shall be permitted round a grave nor any monument over it.

7. No person who is not in the service of the Corporation shall be permitted to dig graves.

8. No right shall be acquired to the exclusive use of the ground used for a burial.

9. (1) The following fees shall be payable to the Board in respect of any burial in a grave in any burial-ground under the care of the Board :—

- (c) I. A. Examination :—English, Vernacular Composition, History, Sanskrit, Persian, Mathematics, Physics and Chemistry.
- (d) I. Sc. Examination :—English, Vernacular Composition, Chemistry, Mathematics and Physics.

All possible combinations of subjects are permitted; but, as a rule, the I. A. students are not allowed to take up Physics.

The monthly tuition fee is Rs. 6. The annual fee for games is Re. 14 and for the Common-room Re. 1. The admission fee for new students is Rs. 7 including Re. 1 for the Athletic Club.

There are two Hostels attached to the College and quite close to it—one for the Hindu students and the other for the Muhammadan students. The Hostels are situated in healthy localities close to the river. The climate of Chinsura has improved owing to the recent installation of water-works. No seat-rent is charged in either Hostel. The messing and establishment charges of the Hindu Hostel amount to about Rs. 10-8, and those of the Muhammadan Hostel about Rs. 7-8, per month.

Students will be admitted from the 14th of June next. Application should be made on a printed form, which will be supplied on receipt of a half-anna postage stamp or on personal application at the College office.

On account of the addition of a new block to the College Laboratory, a larger number of B. A. and B. Sc. students will be admitted in the next session than has hitherto been possible.

There are Pleadership Classes attached to the College, the monthly tuition fee of which is Rs. 7.

## NOTICE.

**HOOGHLY COLLEGE.**

THE Hooghly College will reopen on Thursday, the 1st July, 1915, after the Summer Vacation.

*Affiliations.*—The College is affiliated in the subjects noted below:—

- (a) B. A. Examination:—English, Vernacular Composition, History, Mathematics (Pass and Honours), Sanskrit (Pass and Honours), Persian, Physics and Chemistry.
- (b) B. Sc. Examination:—Physics, Mathematics (Pass and Honours) and Chemistry.
- (c) I. A. Examination:—English, Vernacular Composition, History, Sanskrit, Persian, Mathematics, Physics and Chemistry.
- (d) I. Sc. Examination:—English, Vernacular Composition, Chemistry, Mathematics and Physics.

All possible combinations of subjects are permitted; but, as a rule, the I. A. students are not allowed to take up Physics.

The monthly tuition fee is Rs. 6. The annual fee for games is Re. 1-4 and for the Common-room Re. 1. The admission fee for new students is Rs. 7 including Re. 1 for the Athletic Club.

There are two Hostels attached to the College and quite close to it—one for the Hindu students and the other for the Muhammadan students. The Hostels are situated in healthy localities close to the river. The climate of Chinsura has improved owing to the recent installation of water-works. No seat-rent is charged in either Hostel. The messing and establishment charges of the Hindu Hostel amount to about Rs. 10-8, and those of the Muhammadan Hostel about Rs. 7-8, per month.

Students will be admitted from the 14th of June next. Application should be made on a printed form, which will be supplied on receipt of a half-anna postage stamp or on personal application at the College office.

On account of the addition of a new block to the College Laboratory, a larger number of B. A. and B. Sc. students will be admitted in the next session than has hitherto been possible.

There are Pleadership Classes attached to the College, the monthly tuition fee of which is Rs. 7.

SARADA PRASANNA DAS,  
Offg. Principal, Hooghly College.

CHINSURA, the 8th April 1915.

## NOTICE.

DAMODAR RAO,  
Persl. Asst., for Director of  
Surveys, Bengal and Assam.

Calcutta, the 24th June 1915.

**PROSPECTUS OF THE GOVERNMENT COMMERCIAL  
INSTITUTE.**

THE Government Commercial Institute, Calcutta, affords a training of a practical and businesslike character, well up to date and capable of direct application to the commerce and trade of the city. It is neither a business college in which the academic element exceeds the vocational in relative importance nor a secondary school of commerce, but a higher school of commerce in which the vocational element predominates *but in a liberal manner*.

2. There is a specialised Day Course extending over two years, ending in the Commercial Course Final Examination. Provision is also made for more advanced and more technical instruction by means of evening lectures on Advanced Book-keeping, high speed in Shorthand and Typewriting, Political Economy, Mercantile Law, Annuities and Insurance, Banking and Currency, and Accountancy, ending annually in Special Examinations in each of the subjects. These lectures are intended to give persons already employed in business a chance of improving their efficiency as first-rate Shorthand-writers, Typists, Book-keepers, or Auditors, and of gaining an intelligent insight into the economical, financial and legal principles on which commerce is based.

3. The aim of the Institute is to turn out a type of young man who, if he has received a thorough grounding in the ordinary school subjects, especially in English, has the makings of a useful assistant either in commercial or in Government offices, and who, if he is willing to avail himself of the facilities offered for more advanced and more technical instruction by means of evening lectures, may become well equipped to be a businessman.

**THE DAY COURSE.**

4. There are two day classes—a first-year class and a second-year class. Papers are now before the Government proposing the following course of study, which, if sanctioned, will be introduced for the coming session :—

**COMPULSORY SUBJECTS.**

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic, including commercial and mental arithmetic.
- (3) An Indian Vernacular, such as Bengali, Hindi, Urdu, Uriya, &c.
- (A special paper for Anglo-Indian candidates.)
- (4) Commercial Geography.
- (5) Book-keeping.

**OPTIONAL SUBJECTS.**

- (1) Shorthand.
- (2) Typewriting.

(The marks obtained in optional subjects will count towards scholarships, a class, or a mark of distinction.)

\* Note.—The course of study has hitherto been as follows :—

- (1) Modern English, and especially English correspondence, including commercial correspondence, letter drafting and *précis*-writing.
- (2) Arithmetic including commercial and mental arithmetic.
- (3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
- (4) One of the following subjects, namely, book-keeping, shorthand-writing or typewriting.
- (5) Commercial Geography.

*English.*—The English teaching is as severely practical as it can be made. In the first-year class, the students regularly practise dictation and essay-writing. They also practise writing easy letters, both official and business, as between a private man and a firm, and making index and *précis* of such letters.

In the second-year class they study the advanced stages of Commercial Practice or Business Methods and are drilled constantly to work out complete transactions, enabling them to appreciate not only the exact relation which one item bears to another but also the place of each in the completed whole, the transactions given in outline furnishing material for unaided work on the part of the students. They now practise making index and continuous *précis*, not only of all the series of letters arising in the transactions given but also of longer official letters and their replies from such bodies as Chambers of Commerce and other Associations. Their papers are corrected and returned soon after they are submitted. No text-books being prescribed, the students are under no temptation to cram, their capacity to write simple correct English with perspicuity and brevity thus developing under careful guidance.

*Modern Bengali, including Bengali commercial correspondence, etc.*—In Bengali "Kapalkundala" by Bankim Chandra Chatterjea is proscribed as a text-book affording a model for style and diction. Besides this language work, practices and principles obtaining in the commercial transactions covering different branches are also taught in Bengali, giving the Bengali students a further opportunity to learn them and to practise drafting business letters in their mother-tongue. They are required also to make index and *précis*, in Bengali, of commercial letters.

In order that they may be able to express themselves clearly and accurately in Bengali and in English and with a view more effectively to supplement the practical teaching in English, special attention is paid to translation of passages from English into Bengali and retranslation after some time has elapsed, and *vice versa*.

*Commercial Geography.*—The course in Commercial Geography deals specially with the relations of cause and effect that hold good between the general principles of geography and the occurrence, production, and exchange of commodities. It also deals in an elementary way with the history of commodities.

The Commercial Geography text-books used are "Commercial Geography of the World" by A. J. Herbertson, "A Short Commercial Geography" by L. W. Lyde, "Elementary Commercial Geography" by H. R. Mill, "A School Economic Atlas" by J. G. Bartholomew, and "A New Geography of the Indian Empire and Ceylon" by Morrison.

*Commercial and Mental Arithmetic.*—In Arithmetic the students are taught addition, subtraction, multiplication and division—simple and compound; approximation in multiplication and division; G. C. M. and L. C. M.; fractions—vulgar and decimal; practice; proportion—simple and compound (*i.e.*, simple rule of three and double rule of three); the metric system; percentages, commission, etc.; proportional division; profit and loss; mixtures; interest—simple and compound; present worth and discount; stocks and shares; exchange—chain rule; square root. Grant and Hill's "Commercial Arithmetic" and "Mental Arithmetic" are used.

*Shorthand.*—During the first-year of the course the students are thoroughly grounded in the theory of Pitman's Shorthand and are expected to attain a speed of 50 words per minute at the end of the year. "Pitman's Shorthand Instructor" (centenary edition) is the text-book used. Throughout the second-year they practise speed. The minimum speed sought to be attained is 80 words per minute. The best students are found to attain a speed of 120 words a minute. In the Final Examination speed tests are held at 80, 100, 120 and 140 words per minute.

*Typewriting.*—The "Touch" system of Typewriting is carefully taught from the beginning. No particular text-book is used. The students are required to attain a minimum speed of 30 words per minute at the end of the two years' course. The maximum speed prescribed for the examination,

is 55 words per minute. The intermediate standard of speed test is 40 words per minute. There is also a tabulating examination corresponding to each speed test.

*Book-keeping.*—The full course of the Day classes in Book-keeping includes instruction in the elementary stage. It is expected that a student shall have already received a satisfactory grounding in English and Arithmetic. A Double Entry system is taught with simple accounts and commercial transactions. Students are taught to open and keep the following books : Purchase Day Book, Sales Day Book, Cash Book, Bill Book, Journal, and Ledger. Instruction is also given in making entries for outgoing and incoming single consignments. In connection with these books instruction is given in Trial Balance and the preparation of Profit and Loss Accounts and Balance Sheets.

5. *Fee.*—The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

6. *Attendance.*—The classes are held between 11 A.M. and 4 P.M. except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of typewriting are allowed to stay later for extra practice.

7. *Session.*—The session begins annually about the end of June and closes about the end of April. The usual Autumn and Christmas holidays are given.

8. *Standard of admission.*—Candidates who have passed the Matriculation examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching. Graduates and Intermediates may be admitted in the second year class provided they have sufficient knowledge in Book-keeping.

Candidates for admission should send in their applications to the Principal before the end of June.

#### THE EVENING COURSE.

The session begins annually about the end of June and closes about the middle of April.

9. *Evening classes.*—If a sufficient number of students join, evening classes will be formed for the following subjects : Shorthand-writing, Typewriting, Book-keeping, Accountancy and Auditing, Political Economy, Annuities and Insurance, Mercantile Law, Modern English, and Banking and Currency. Fees are paid according to the number of lectures delivered in each subject. Classes were formed last year in all the subjects except Political Economy and Modern English. A student may be a member of one or more classes at his option.

10. *Accountancy and Auditing.*—A new class will be commenced this year to prepare candidates for the Government Examination in Auditing. It has been proposed to hold examinations for a Diploma in Accountancy in Bombay and other centres, but the question has not been finally settled.

11. *Shorthand.*—Students are admitted in July and also in December every year. The examination is held in April. For the session July to November the fee is Rs. 12, payable in four instalments of Rs. 3 each. Only those having a minimum speed of 60 words per minute are admitted in July. For the session December to mid-April, the fee is Rs. 16, payable in four instalments of Rs. 4 each. Those having a speed of 80 words a minute or more are admitted in December. Speed classes are so held as to enable a student to attain any of the four grades of speed required for the Special Examination, viz., 80, 100, 120 and 140 words per minute. There is no Theory class in the evening. The class sits at 6 P.M. daily (except on Saturday days and holidays).

12. *Typewriting*.—Beginners are admitted in July. They are carefully taught the "Touch" system. Advanced students are also admitted in this session. In December, only students having a speed of at least 20 words per minute are admitted. No beginner can join this session. By mid-April, when the examination is held, the minimum speed sought to be attained is 35 words per minute and the maximum is 60 words per minute. There is an intermediate speed test at 45 words per minute. For each of the three speed tests there is a corresponding accuracy test in tabulating, which is carefully taught. The fee is the same as that of the Shorthand class ; but a reduction of Re. 1 per instalment of each of the two fees payable by a student, who is simultaneously a member of both the Shorthand and Typewriting classes, is granted, and the same reduction per instalment of each of the three fees payable is made when a student is simultaneously a member of three classes, viz., Shorthand, Typewriting and Book-keeping. The Typewriting class is divided into two groups, the first of which practise from 5 to 6-30 P.M. and the second from 6-30 to 8 P.M. (except on Saturdays and holidays).

13. *Book-keeping*.—The full course of the evening classes in Book-keeping includes instruction in two stages—the Elementary and the Advanced. Preparatory to the Elementary work it is expected that a student shall have a satisfactory grounding in English and Arithmetic—

- (a) The first-year class ends with the Special Examination in Elementary Book-keeping.
- (b) In the second-year class, ending in the Special Examination in Advanced Book-keeping, the course includes matters as under :—

In the advanced stage there is considered the nature of capital, whether as money or property, stocks, shares, classification of capital, revenue accounts, the use of departmental ledgers, also the establishment and recoupment of sinking funds, investment accounts, public, railway, gas and water companies' accounts. Joint-stock companies' accounts are dealt with completely. Instruction is also given in joint consignments, partnerships, contracts, etc. The nature and purposes of allowances to be made for depreciation in value of property are also made clear.

The fee for the elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each, and that of the advanced Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes in Shorthand, Typewriting, or Book-keeping will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes in Shorthand, Typewriting and Book-keeping.

14. *Standard of admission*.—Candidates who have attended the lectures in the day course will be eligible for admission to the evening course. Others will be admitted, provided they appear qualified for the class or classes they seek to join. Candidates for admission to Typewriting and the first-year Book-keeping classes must show that they have sufficient general education. Candidates for admission to the Shorthand and the second-year Book-keeping classes must show that they have sufficient knowledge of Shorthand or Book-keeping, as the case may be.

15. *Examinations and certificates*.—The following examinations will be held annually in April :—

- (1) The Commercial Course Final Examination.
- (2) A special Examination in Mercantile Law.
- (3) Ditto ditto Banking and Currency.
- (4) Ditto ditto Outline of Political Economy.
- (5) Ditto ditto Annuities and Insurance.
- (6) Ditto ditto Modern English.
- (7) Ditto ditto Book-keeping (Elementary).
- (8) Ditto ditto Book-keeping (Advanced).
- (9) Ditto ditto Shorthand-writing.
- (10) Ditto ditto Typewriting.

The fee is Rs. 5 for each Special Examination and Rs. 8 for the Final Examination. The Commercial Course Final Examination at the end of the two years' Day course and the Commercial Course Special Examinations in each of the subjects specified for evening lectures at the end of each year are controlled by the Commercial Course Advisory and Examination Board, a body consisting of educational officers and gentlemen engaged in commerce in Calcutta. On the results of these examinations certificates are granted by the Education Department, these certificates being endorsed by the Secretary, Bengal Chamber of Commerce, which body, as also the Bengal National Chamber of Commerce, have undertaken to publish the list of the successful candidates.

**16. Scholarships.**—Three scholarships of Rs. 12 each per mensem, tenable for one year, will be awarded to those among the students admitted in the first-year Day class in the Government Commercial Institute who have secured the highest number of marks in English in the Matriculation examination of the Calcutta University, and three scholarships of Rs. 20 each per mensem, tenable for one year, will be awarded to the students of the second-year Day class who will obtain the highest total number of marks at a preliminary examination to be held at the end of the first year for the purpose of awarding the scholarships and determining promotion. Holders of junior and senior University Scholarships are not eligible for these scholarships.

**Prizes.**—First and second prizes of Rs. 75 and Rs. 50 respectively will be offered by the Bengal Chamber of Commerce for competition by the students of the Day class and another prize of Rs. 50 will be offered by the same body for competition among the students of the Evening classes in each of the following subjects :—

Mercantile Law, Banking and Currency, Annuities and Insurance, Political Economy, Modern English, Shorthand and Advanced Book-keeping.

Three prizes are offered by the Remington Typewriter Company to be awarded to the three students of the Institute obtaining the highest marks for efficiency in Typewriting.

**17. Prospects of passed students.**—345 students have been successful in the Final and Special Examinations. All of these are now employed in various offices, both mercantile and Government. A good many of them, viz., those that had joined either the Day or Evening classes with a tolerably fair grounding in English and could therefore make the best use of the training received here, have risen above the level of ordinary clerks and are now drawing from Rs. 60 to Rs. 120. Some of them are reported to be shaping very well in their respective spheres, and are receiving rapid promotion. The Bengal Chamber of Commerce has issued a circular letter containing a request to its members to make it a rule to take the passed students of the *Day classes*, whenever possible, in preference to other clerks, and the Advisory Board has recommended that the Government should pass orders that one-third of the vacancies in the Secretariat Clerical Services (Lower grade) every year should be reserved for our successful candidates in the Final examination. The matter has been sent up for the consideration of Government.

Candidates for admission should send in their applications to the Principal before the end of June.
